

'Every Child Counts, Every Moment Matters'

NEWSLETTER

JANUARY 2024

Welcome Back Everyone! It's been a great start to Spring Term here at Millfields...Read On for updates on our Sharing Day, important upcoming online safeguarding for Parents, a reminder about Lost Property and our usual, Stars of the Week, Gold Bookers and Readers of the Week!

SHARING DAY—ACORNS!

Acorns had a lovely time during sharing day. It was wonderful to see so many parents and family members come and join us. The children really enjoyed sharing their learning with you all. The children demonstrated the learning they have been doing in Maths with adding, using signs and symbols to create number sentences.'

The images used in this newsletter must not, under any circumstances, be copied or shared on to any social media platforms.

SHARING DAY—YEAR 1!

During Sharing Day, Year 1 had to use their maths skills to create a carp kite. They first of all had to work out the cost, then use their knowledge of shape and fractions to create the kite. How amazing do the kites look? What a fantastic Sharing Day Activity!

SHARING DAY—YEAR 4!

Year 4 had a great time doing mind bendingly fun Maths puzzles and challenges! In Oak, they had a great time doing investigative activities, times table challenges, problem solving, place value and reasoning, including 'Twist It' activities—building on learning in the classroom and having fun with parents and carers!

News from Acorns Classroom!

Each month we will peek into one of our Classrooms here at Millfields and see what they have been up to! This month, it's Acorns turn and here's Mrs Crossland to tell us all about their Healthy Topic!

'Acorns have been having a great week this week learning about lots of different ways we can keep ourselves healthy. The children have enjoyed cleaning their teeth and we were very impressed with how good they were at participating with this. We have taken part in lots of different exercises to keep our bodies fit and are going to taste some different fruits. We also enjoyed taking part in peer massage to learn a new way to relax our minds and bodies. The children took part brilliantly with this and were so gentle with their massage techniques. They enjoyed it so much they all wanted a sleep when they had finished! Well done Acorns.'

Forest school newsletter—January

We have had all sorts of weather so far this January, and always have fun exploring the snow, ice, mud and puddles. When we get cold, there are always opportunities to warm up in the forest school “green” classroom; for craft, reading, snack time and learning time.

Thank you for the
Christmas trees!
We love playing
with them!

Acorns have been learning about woodland animals this month. We have read the story of The Gruffalo and have enjoyed making collages of his face.

Year 1 have learned how to use binoculars to spot the pivotal buildings of Bromsgrove. What can we see from here?

Online Safety for Children workshop-

The Changing Online Landscape

Further to the message sent out on ParentApp a couple of days ago, Mrs Montandon would like to remind you of the Online Safety workshop coming up next Month. This session has been arranged for **Tuesday 27th Feb 2024 6pm to 7.30pm**. A zoom link will be sent to you nearer the time.

The workshop will be led by Ollie Welsby, the lead consultant at Brightcore Consultancy.

Ollie has worked with over 850 schools and a number of local authorities to support and improve their safeguarding, and also mental health and wellbeing provision. He trains both Designated Safeguarding Leads and Designated Senior Mental Health Leads nationally, is also a highly experienced Mental Health First Aid Instructor and regularly speaks at sector conferences on the topics of safeguarding and mental health. He is known for his dynamic, authentic and non-judgemental approach to all aspects of his delivery.

The Changing Online Landscape: understanding the risks and opportunities faced by children and young people today.

During this 90-minute session we will focus on understanding the developing online world, including the changing risks for children and young people who are operating online in ever increasing amounts of time each day, including from a mental health and wellbeing perspective. We will look at how we can respond to these developments positively from a parental and educational perspective, ensuring our children are both protected and supported whilst engaging in the exciting and ever developing online world.

This session is a very important one to help you to support your child to keep safe in the online world. The session is aimed solely at parents/carers and contains content which is **not** suitable for children.

As we are buying in the consultant it is unlikely that the session will be recorded, so I urge you to really try to be there.
